

Abridged Vita

W. ED WHITELAW

March 2020

POSITION AND ADDRESS	Founder/Principal Investigator/ Testifying Economist FION - Figure It Out Now! 72 West Broadway, Suite 202 Eugene, Oregon 97401 (541) 636-9923 whitelaw@fion.us	Professor Emeritus Department of Economics University of Oregon Eugene, Oregon 97403 (541) 346-8845
-------------------------------------	---	---

EDUCATION

Ph.D., Economics, Massachusetts Institute of Technology, 1968
B.A., Mathematics, Political Science, Economics, University of Montana, 1963

EMPLOYMENT

2015- Founder/Principal Investigator/Testifying Economist, FION
2014-15 Founder/Senior Director, ECONorthwest
2012-14 Founder/Principal, ECONorthwest
2009-11 Chair of Board, ECONorthwest
1974-2009 President, ECONorthwest
2000- Professor Emeritus, Department of Economics, University of Oregon
1981-2000 Professor, Department of Economics, University of Oregon
1987-90 President, Economic Policy Institute Northwest (EPI)
1970-81 Associate Professor, Department of Economics, University of Oregon
1974-75 Staff Economist, Oregon Coastal Conservation and Development Commission
1970-71 Visiting Research Fellow and Director of Urban Studies, Institute for Development Studies, University of Nairobi, Kenya (financed by the University Development Program, Rockefeller Foundation)
1970-71 Chief Economist, Nairobi Urban Study (financed by the Nairobi City Council, the Kenya Ministry of Finance and Economic Planning, and the United Nations Development Program)
1967-70 Assistant Professor, Department of Economics, University of Oregon
1967-70 Research Associate, Bureau of Governmental Research, University of Oregon
1964-67 New England Economic Research Foundation and Federal Reserve Bank of New York
1961-62 Colgate Palmolive, Special Projects Division (programming, statistics)

HONORS, FELLOWSHIPS, AND SCHOLARSHIPS

University of Oregon
Ed Whitelaw Chair in Urban Economics, 2019

University of Oregon
Ersted Award for Outstanding Teaching, 1970

Harvard University

Dissertation Scholarship, Harvard Program on Regional and Urban Economics, 1966-67

MIT

Woodrow Wilson Fellowship, 1963-65

MIT Graduate Fellowship, 1965-66

Graduate Fellow, Economic Development Administration Summer Institute,
Williamstown, Massachusetts, 1966

University of Montana

High Honors

Pi Mu Epsilon, Mathematics Honorary

Phi Kappa Phi, Scholastic Honorary

TECHNICAL ADVISORY AND EDITORIAL POSITIONS

- 1991- Board of Economists, *Eugene Register Guard*; Eugene Chamber of Commerce
- 1989-2005 Oregon Progress Board, State of Oregon; committees: Chairperson, Benchmark Update Committee; Member, Vision Committee; Member, Sustainability Measurement Work Group
- 1998 Goal 5 Regional Resources for Fish and Wildlife Habitat Protection Peer Review Committee, Portland Metro
- 1995-98 National Advisory Council for Environmental Policy and Technology, Environmental Protection Agency
- 1987-92 Forecast Panel, *Pacific Northwest Executive*
- 1988-90 Board of Advisors, Northwest Policy Center, Seattle, Washington
- 1980-90 Board of Directors, Pacific Northwest Regional Economic Conference
- 1987-89 Economic Development Commission, State of Oregon
- 1986-87 Board of Directors, Eugene-Springfield Metropolitan Partnership
- 1984-86 Board of Economists, *Portland Business Journal*
- 1979-86 Head, Real Estate Research Committee, Eugene-Springfield
- 1972-86 Editorial Committee, *The Annals of Regional Science*
- 1984-85 Business Forecast Panel, *Oregonian*
- 1984-85 Demand Forecasting Advisory Committee, Northwest Power Planning Council
- 1981-83 Scientific and Statistical Advisory Committee, Northwest Power Planning Council
- 1980-82 Governor's Council of Economic Advisors, State of Oregon
- 1980 Water Resources Division, Department of Natural Resources and Conservation, State of Montana
- 1979-80 Employment and Training Division, Department of Labor and Industry, State of Montana
- 1977-78 Advisory Committee on Economic Decline and Fiscal Stress in Cities, President's Domestic Council
- 1977-78 Task Force on Local Economic Planning, Oregon Department of Economic Development
- 1976-77 Advisory Committee, National Science Foundation Project on Onshore Impacts of Offshore Oil and Gas Exploration and Development
- 1972-75 Citizens' Advisory Committee on Transportation Planning, Lane Council of Governments, Lane County, Oregon
- 1972-74 Planning Committee, University Consortium on Transportation, Oregon Department of Transportation

PUBLICATIONS

Subject to Formal Peer Review

- A Framework for Estimating the Costs and Benefits of Dam Removal. With Ed MacMullan. *BioScience* 52(8): 724-730. American Institute of Biological Sciences. 2002.
- An Analytic Typology for Examining the Economic Effects of Ecosystem Management*. University of Michigan, School of Public Policy. Working Paper No. 407. With P. Courant and E. Niemi. May 1997.
- Assessing Economic Tradeoffs in Forest Management*. U.S. Department of Agriculture, Forest Service, Pacific Northwest Research Station. General Technical Report PNW-GTR-403. With E. Niemi. 1997. 1999 (revised).
- Environmental Protection and Jobs: A Brief Survey*. With E. Niemi. October 1995.
- A Method for Estimating the Economic Effects of Habitat Protection*. Portland, OR: U.S. Fish and Wildlife Service. With E. Niemi and A. O'Sullivan. January 1994.
- The Potential Social and Economic Impacts of Long Rotation Timber Management*. Portland, OR: U.S. Department of Agriculture, Forest Service, Pacific Northwest Research Station. With E. Niemi. May 1993.
- Pacific Northwest Forest-Policy Baselines*. Washington, DC: The Wilderness Society. With E. Niemi. April 1993.
- "New Conflicts Stir Managers of U.S. Forests." *FORUM for Applied Research and Public Policy*, 6 (3): 5-12. University of Tennessee, Energy, Environment, and Resources Center, and Oak Ridge National Laboratory. With E. Niemi and R. Mendelsohn. Fall 1991.
- Transition Strategies for Timber-Dependent Communities*. Washington, DC: The Wilderness Society. With E. Niemi and C. Batten. 1990.
- New Perspectives and the Forest Service: A New Way of Thinking*. Washington, DC: U.S. Department of Agriculture, Forest Service. With E. Niemi and R. Mendelsohn. 1990.
- "Oregon's Strategic Economic Choices." In LuAnna McCann (ed.), *Oregon Policy Choices*. University of Oregon, Bureau of Governmental Research and Service. With E. Niemi. 1989.
- The Economic Impact of Proposed Changes in Washington State Forest Practices Rules*. Olympia, WA: Washington State Department of Natural Resources. With R. Gregory. 1987.
- Economic Analysis of the Environmental Effects of a Combustion-Turbine Generating Station at Fredericksen Industrial Park, Pierce County, Washington: Final Report*. Portland, OR: U.S. Department of Energy, Bonneville Power Administration. With R. Mendelsohn and E. Niemi. March 1984.
- Economic Analysis of the Environmental Effects of a Coal-Fired Electric Generator (at Boardman, Oregon)*. Portland, OR: U.S. Department of Energy, Bonneville Power Administration. With R. Mendelsohn and E. Niemi. 1983.
- Review of Methodologies for Assessing the Environmental Costs and Benefits of Acquisitions. Benefit-Cost Analysis and Environmental Impacts: A Review of the Literature and an Evaluation of Methodologies*. Portland, OR: U.S. Department of Energy, Bonneville Power Administration. With J. Friedman and E. Niemi. 1981.

“Measuring the Effects of Public Policies on the Price of Urban Land.” In J. Thomas Black and James E. Hoben (eds.), *Urban Land Markets: Price Indices, Supply Measures, and Public Policy Effects*. Washington, DC: Urban Land Institute. 1980.

“Urban-Rural Income Transfers in Kenya: An Estimated Remittances Function.” *Economic Development and Cultural Change* 22 (3). With G. Johnson. 1974.

Not Subject to Formal Peer Review

“Guest Viewpoint: Two views on Civic: Repurposed stadium would create new center for youth fitness.” *The Register-Guard*. Whitelaw, E. and J. Glicker. September 28, 2014.

“Bend’s true economic picture may surprise you.” *bendbulletin.com*. Ward, B. and E. Whitelaw, P. Taylor. February 21, 2013.

“Guest Viewpoint: With better capital investments come rewards.” *Register-Guard*. Ward, B. and E. Whitelaw, P. Taylor. February 12, 2012.

“Measures 66 and 67: Weighing the choice of jobs vs. services.” *Oregonian*. Ward, B. and E. Whitelaw. January 13, 2010.

“Economic Bridges Falling Down.” *Eugene Weekly*. Whitelaw, E. and B. Ward. October 8, 2008.

“Time’s running out on the Columbia.” *Oregonian*. Whitelaw, E. and E. MacMullan. December 19, 2007.

“Dream On.” *Oregon Quarterly*. Whitelaw, E. and B. Ward. Winter 2007.

“Nature's Trust as a Paradigm for Scientific Input in Policy Decisions.” Abstract, Annual Conference of the American Geophysical Union, San Francisco, California. December 2007.

“Cities Challenged in Their Economic Interpretation of the Telecommunications Act of 1996.” *Municipal Lawyer*. With E. MacMullan and A. Pearce. September/October 2006.

“Still the Land of Opportunity?” *Oregonian*. With J. Tapogna and B. Ward. March 2006.

“Hungry for Answers.” *Oregonian*. With J. Tapogna. Spring 2004.

“Drifting Away.” *Oregonian*. With J. Tapogna. October 2003.

“The High Cost of Free Water.” *Oregon Quarterly*. With E. Niemi. Spring 2003.

“Families and Businesses That Brave the State’s Faltering Economy Risk an Unstable Future.” *Oregonian*. With J. Tapogna. February 2003.

“A Framework for Estimating the Costs and Benefits of Dam Removal.” *BioScience* 52 (8). With E. MacMullan. August 2002.

“Bridge Over Troubled Water.” *Oregon Quarterly*. With E. Niemi. Winter 2001.

Coping with Competition for Water: Irrigation, Economic Growth, and the Ecosystem in the Upper Klamath Basin. With E. Niemi and A. Fifield. November 2001.

“Evaluating Takings and Measure 7.” *Oregon's Future*. With R. Pozdena, T. Moore, J. Tapogna, and J. Ebenhoh. Spring 2001.

Competition Matters: An Economist's Perspective of Collaborations and the National Forests. With E. Niemi. January 2001.

- Estimating Streamflows from National Forests in the Willamette River Basin, Oregon.* U.S. Department of Agriculture, Forest Service, Pacific Northwest Research Station. With E. Niemi. 2001.
- Green Building: Saving Salmon, the Environment, and Money on the Path to Sustainability.* Under a grant provided by: The Center for Watershed and Community Health, Mark O. Hatfield School of Government, Portland State University. With J. Ebenhoh, E. Niemi, and J. Tapogna. September 2000
- “Breaching Dam Myths.” *Oregon Quarterly*. Autumn 2000.
- “Bird Of Doom...Or Was It?” *The Amicus Journal* 22 (3). With E. Niemi and E. Grossman. Fall 2000.
- “Salmon and the Economy.” *Conservation Biology in Practice* 1 (1): 20-21. With E. Niemi. Spring 2000.
- An Economic Assessment of the Proposed Animas-La Plata Project.* With E. Niemi. April 2000.
- Saving Salmon, Sustaining Prosperity: An Introductory Handbook and Reference for the Puget Sound Region and Washington.* Under a grant provided by: The Center for Watershed and Community Health, Mark O. Hatfield School of Government, Portland State University. 2000.
- Salmon, Timber and the Economy.* Pacific Rivers Council, Oregon Trout, Audubon Society of Portland, and Institute for Fisheries Resources. With E. Niemi, M. Gall, and A. Fifield. December 1999.
- The Economic Wellbeing of Michigan Bands of Native Americans.* Michigan Department of Natural Resources. December 1999. (Confidential litigation product.)
- Salmon and the Economy: A Handbook for Understanding the Issues in Washington and Oregon.* Under a Grant provided by: The Center for Watershed and Community Health, Mark O. Hatfield School of Government, Portland State University. With E. Niemi, D. Lindahl, A. Fifield, and M. Gall. November 1999.
- An Economic Strategy for the Lower Snake River.* Trout Unlimited. With E. MacMullan. November 1999.
- “Reforming Welfare Reform.” *Oregon Quarterly*. With J. Tapogna. Autumn 1999.
- The Sky Did NOT Fall: The Pacific Northwest's Response to Logging Reductions.* Earthlife Canada Foundation and Sierra Club of British Columbia. With E. Niemi and A. Johnston. April 1999.
- The Ecosystem-Economy Relationship: Insights from Six Forested LTER Sites.* National Science Foundation. With P. Courant and E. Niemi. November 1997.
- “Costs and Benefits: Reflections of an Oregon Economist.” *Inquiry*. November 21, 1997.
- “What Price Prisons?” *Oregon Quarterly*. Summer 1997.
- Integrating Resource Conservation and Economic Development.* With P. Courant and E. Niemi. 1997.
- “New Economic Perspectives of Ecosystem Management: A Critique of Recent Efforts.” May Submission to *Environmental Management*. With P. Courant and E. Niemi. 1997.

Facing the Tradeoffs: Economic Development and Resource Conservation in Louisiana. With E. Niemi, C. Heflin, and A. Gorr. June 1996.

The Potential Economic Consequences of Designating Critical Habitat for the Marbled Murrelet: Final Report. U.S. Fish and Wildlife Service, Portland Field Office. With E. Niemi, E. MacMullan and D. Taylor. May 1996.

The Potential Economic Consequences of Designating Critical Habitat for the Rio Grande Silvery Minnow: Draft Report. U.S. Fish and Wildlife Service, New Mexico Ecological Services Field Office. With E. Niemi and T. McGuckin. 1996.

Economic Well-Being and Environmental Protection in the Pacific Northwest. Pacific Rivers Council. With T. Power. 1996.

Pacific Northwest Regional Economic Elements Affected by Fish Hatchery Management Decisions. Columbia Basin Fish and Wildlife Foundation. With E. Niemi. 1996.

“Putting Merit in the Matrix.” *Oregon Quarterly*. Winter 1995.

“Other Lessons from the Northwest.” *Vermont Law Review* 19 (2). Winter 1995.

“Rich Oregonian, Poor Oregonian.” *Oregon Quarterly*. Summer 1995.

The Potential Economic Consequences of Critical Habitat Designation for the Lost River Sucker and the Shortnose Sucker: Final Report. U.S. Fish and Wildlife Service, Portland Field Office. With E. Niemi and E. MacMullan. August 1995.

Economic Consequences of Management Strategies for the Columbia and Snake Rivers. Confederated Tribes of the Umatilla Indian Reservation. With E. Niemi and E. MacMullan. July 1995.

Integrating Economics and Resource-Conservation Strategies. With E. Niemi. June 1995.

The Columbia River and the Economy of the Pacific Northwest. With E. Niemi, A. Gorr, and E. MacMullan. May 1995.

“Dubious Theory about Economy Leads Us Astray.” *The Register-Guard*. May 1995.

“Oregon's Money Doesn't Just Grow on Trees.” *The Oregonian*. April 1995.

The Economic Consequences of Protecting Salmon Habitat in Idaho (Preliminary Report). Pacific Rivers Council. With E. Niemi. March 1995.

The Full Economic Costs of Proposed Logging on Federal Lands. With E. Niemi. March 1995.

Economic Consequences of an Injunction to Protect Salmon Habitat on the Wallowa-Whitman and Umatilla National Forests: Preliminary Report. With E. Niemi and E. MacMullan. 1995.

The Potential Economic Consequences of a Reduction in Timber Supply from the Tongass National Forest. With E. MacMullan. December 1994.

“Swimming Upstream.” *Oregon Quarterly*. Winter 1994.

“School Dazed.” *Oregon Quarterly*. Summer 1994.

“Growing Pains.” *Oregon Quarterly*. With T. Moore. Spring 1994.

Economic Critique of the FSEIS on Management of Old-Growth Habitat. With E. Niemi. March 1994.

“Guessing at the ‘Hood: An Urban Future.” *Oregon Business.* January 1994.

“After the Owl.” *Old Oregon.* With E. Niemi. Winter 1993. Reprinted in the *Seattle Post-Intelligencer* as “Jobs & Nature,” December 12, 1993.

Environmental Externalities and Utility Regulation. Washington, DC: National Association of Regulatory Utility Commissioners. With E. Niemi. September 1993.

“Oregon's Real Economy.” *Old Oregon.* Winter 1992. Reprinted in *The Register Guard*, December 13, 1992, and through Oregon Business' datafax system, February 1993.

“Payback Time.” *Old Oregon.* Spring 1992.

“A More Civil War.” *Old Oregon.* With E. Niemi. Winter 1990.

“Oregon's Turn: A Blueprint for Economic Growth in the 1990s.” *Old Oregon.* Spring 1990.

Investing in Dislocated Families. With E. Niemi. 1990.

“A Log-Export Ban, Alone, Is Not Enough.” *The Register-Guard.* With E. Niemi. October 13, 1989. Reprinted in the *Oregonian*, Pacific Northwest International Trade Association's *Trade Winds*, and various Oregon weeklies.

“Money: The Debt We Owe Ourselves.” *Old Oregon.* With E. Niemi. Autumn 1989.

“Plan Now for More Timber Industry Changes.” *The Register-Guard.* With E. Niemi. July 25, 1989. Reprinted in the *Oregonian.*

Looking Beyond the Owls and the Logs: A White Paper. Prepared for Governor Goldschmidt's statewide Timber Summit. With E. Niemi. June 1989.

“Improving Oregon's Economy by Improving its Schools.” *Proceedings of the 23rd Annual Pacific Northwest Regional Economic Conference.* With E. Niemi. June 1989.

- Nairobi Household Survey: Description of the Methodology and Guide to the Data*. Discussion Paper No. 116. Nairobi, Kenya: University of Nairobi, Institute for Development Studies. 1971.
- Nairobi Household Survey: Some Preliminary Results*. Staff Paper No. 117. Nairobi, Kenya: University of Nairobi, Institute for Development Studies. 1971.
- The Employment and Income History of a House Servant in Nairobi* 24. Staff Paper No. 116. Nairobi, Kenya: University of Nairobi, Institute for Development Studies. 1971.

The Objectives and Tasks of the Economics Group for the Urban Studies of Nairobi. Staff Paper No. 84. Nairobi, Kenya: University of Nairobi, Institute for Development Studies. 1970.

Interstate Comparisons of State and Local Revenues and Expenditures. Eugene, OR: University of Oregon, Bureau of Governmental Research. 1968.

CONSULTING PROJECTS

Critiqued a draft economic analysis of a Comprehensive Conservation Plan for the Klamath Basin National Wildlife Refuge Complex. CRAG Law Center. 2016.

Evaluated the potential economic effects of redesigning South Willamette Street, and developed a review of the economics and planning literature about the effects that similar changes in street design had on existing businesses and property owners in other communities. Presented the results to the Eugene Planning Commission and the Eugene City Council. 2014-2015.

Provided data collection services to determine garbage and yard debris can weights and set-out rates for a city. City of Eugene, Oregon. 2008-2010

Conducted a valuation of a right-of-way occupied by a discharge pipeline from the Georgia Pacific facility in Toledo for the City of Newport. City of Newport, Oregon. 2008-2009

Analyzed the social costs and benefits underlying aggregate mining on prime farmland. Private client. 2006-2007

Evaluated the economic and policy issues related to a proposed urban housing development. City of Portland, Oregon. 2006-2007

Critiqued a draft economic analysis of land use conflicts between aggregate mining and agriculture in Oregon. Oregon Farm Bureau Special Aggregate Committee. 2005.

For a state agency, reviewed an analysis of the long-term benefits, costs, and risks of alternative cleanup remedies for a Superfund site located in a marine environment near a major metropolitan area. Private client. 2005.

Reviewed and evaluated the economic components of a feasibility study and preferred clean-up remedy for a contaminated site. Washington Department of Ecology. 2005.

Developed a model to calculate the range of economic costs and benefits of projects and policy options that affect water quality and quantity in the City of Portland's watersheds and in a section of the Willamette River. City of Portland. 2003-2005.

Described the economic tradeoffs of allowing, limiting, or prohibiting development in significant riparian areas and wildlife habitat in the Portland metropolitan area. 2002-2004.

Contributed to the drafting of a letter signed by more than 100 economists and addressed to President Bush and the governors of eleven western states regarding the economic importance of the West's natural environment. Center for Watershed and Community Health. 2003.

Studied the economic impacts associated with the operation of a hospital. Private client. 2001-2003.

Developed an economic model that calculated the net benefits of riparian-restoration projects. Clean Water Services. 2002.

Examined the competition for water in the Upper Klamath Basin and the relationship between water and the economy. Public Interest Projects. 2000-2002.

Developed a method for determining the sediment-related costs imposed on the City of Salem and its industrial/commercial water users during and following a major flood event in the North Santiam watershed. U.S. Environmental Protection Agency and National Science Foundation. 1997-2002.

Developed a handbook on the economic factors associated with relicensing a hydroelectric dam. Hydropower Reform Coalition and American Rivers. 2001.

Studied the economic issues associated with water management services and the economic implications associated with the federal Endangered Species Act and Clean Water Act. Clean Water Services. 2001.

Developed a mitigation plan for the potential negative economic consequences of bypassing four dams on the Lower Snake River. Trout Unlimited. 1999-2000.

Initiated a multi-year effort to assess the economic costs and benefits of salmon conservation measures in the Pacific Northwest. Center for Watershed and Community Health and Ford Foundation. 1998-2001.

Determined the share of natural and actual streamflow that originates on national-forest lands in Oregon's Willamette River Basin. U.S. Environmental Protection Agency. 2000.

Evaluated issues of regulatory takings and compensation, discussed the potential effects of various implementations of Measure 7, and proposed guidelines for public policies that address the issues that Measure 7 raised. Oregon Business Council. 2000.

Assessed the potential economic benefits and costs of the reservoir, related infrastructure, and activities included in the proposed Animas-La Plata project in southwestern Colorado. Earthjustice. 2000.

Evaluated the potential economic consequences of efforts to adjust Oregon forest practices to provide a high probability of protecting and restoring aquatic habitat on forestlands important for salmonids. Pacific Rivers Council. 1998-1999.

Evaluated the economic consequences of ecosystem-management decisions in the upper Willamette River Basin and how these consequences influence water and land use in the Eugene-Springfield area. U.S. Environmental Protection Agency. 1998-2000.

Analyzed the ecological, demographic, and economic benefits and costs of watershed restoration as part of a multidisciplinary team working to balance ecological needs with social constraints on investments. U.S. Environmental Protection Agency. 1997-2001.

Designed the analysis and determined the economic causes and effects relevant to the dynamic ecological systems characterizing the Willamette River Basin in Oregon. U.S. Environmental Protection Agency. 1995-2001.

Evaluated the economic impacts of bypassing four federal dams on the Lower Snake River and developed a plan to mitigate the negative consequences of the bypass. Trout Unlimited and Earth Justice. 1999.

Critiqued a draft report by the U.S. Forest Service regarding the demand for timber in the Tongass Forest. Alaska Rainforest Campaign. 1999.

Evaluated the economic consequences of new restrictions on Alaska's fishing industry. Earth Justice. 1999.

Described the economy's response in the Pacific Northwest to the dramatic reductions in logging that occurred during the 1980s and 1990s. BC Wild, Earthlife Canada Foundation, and Sierra Club of British Columbia. 1998-1999.

Analyzed the economic impacts of river and wetlands restoration in the Missouri River Basin and prepared a manual for assessing the socioeconomic impacts of ecological restoration projects for rivers and floodplains in the western United States. U.S. Environmental Protection Agency. 1995-1997.

Analyzed the relationship between the regional economy and natural resources of Louisiana by presenting workshops and developing an information base for local stakeholders. Ford Foundation and Louisiana State University. 1996-1997.

Analyzed problems related to scarce water resources, environmental protection, economic development, tribal self-determination, public health, and public land management in the Upper Rio Grande Basin, and recommended actions and federal policies to resolve these problems. Western Water Policy Review Advisory Commission. 1996-97.

Conducted a three-year study to describe, explain, and communicate the relationships of forested ecosystems and regional economies. National Science Foundation. 1994-1997.

Developed the preliminary design of a study to assess the potential economic costs and benefits of mandatory medical monitoring of agricultural workers who load, mix, or apply the pesticide cholinesterase. Sierra Club Legal Defense Fund. 1996.

Evaluated alternatives for reforestation of marginal agricultural lands in the Lower Mississippi Delta. Business Council for Sustainable Development. 1996.

Analyzed the relationship between the regional economy and natural resources of Louisiana. W. Alton Jones Foundation. 1995-1996.

Analyzed the environmental externalities associated with industrial activities affecting coastal and estuarine resources in Louisiana. W. Alton Jones Foundation. 1995-1996.

Evaluated the role of natural resources and traditional extraction industries in the Pacific Northwest and how they influence future economic trends for individual communities. Pacific Northwest Economics Workshop, Pacific Rivers Council. 1995-1996.

Conducted an economic analysis of the designation of critical habitat for the Rio Grande silvery minnow in the Rio Grande River Basin. U.S. Fish and Wildlife Service. 1994-1996.

Conducted an economic analysis of the designation of critical habitat for the marbled murrelet in Oregon, Washington, and California. U.S. Fish and Wildlife Service. 1994-1996.

Described the economic effects of the designation of critical habitat to support the recovery of two endangered fish in the Upper Klamath Basin. U.S. Fish and Wildlife Service. 1993-1996.

Prepared a response to the *Draft Environmental Impact Statement for the System Operation Review* prepared by the federal water-management agencies for the Columbia River. Confederated Tribes of the Umatilla Indian Reservation. 1995.

Analyzed the role of the Columbia River in the economy of the Pacific Northwest and described an economic framework for analyzing the economic consequences of alternatives for managing the Columbia River. Northwest Water Law and Policy Project. 1995.

Prepared a paper that demonstrated a common analytical framework for economic analysis to integrate resource-conservation and economic-development strategies. Ford Foundation, Rural Poverty and Resources Program. 1995.

Analyzed issues related to integrating economics and resource-conservation strategies. Ford Foundation. 1995.

Analyzed the economic principles applied to state water regulation, describing how historic and current water-regulatory policies violate these principles, and illustrating the economic costs that accrue to citizens. Bullitt Foundation and Water Watch. 1994-1995.

Analyzed the relationship between the regional economy and natural resources of the Southern Appalachians. U.S. Forest Service. 1994-1995.

Analyzed the Interior Columbia River Basin Ecosystem Management Project to ensure it internalized the externalities of resource-extraction industries on federal lands in eastern Washington, eastern Oregon, and Idaho. W. Alton Jones Foundation. 1994-1995.

Evaluated the economic components of old-growth forests associated with spotted owls and illustrated the potential impact on employment of forest-management alternatives that would jeopardize the region's quality of life. Private client. 1994.

Analyzed the economic impacts of curtailing grazing on public lands that support endangered salmon in eastern Oregon, eastern Washington, and Idaho. Pacific Rivers Council. 1994.

Calculated the economic impacts and values associated with the public acquisition of private land for use as a wildlife habitat. Washington Department of Wildlife. 1993.

Analyzed the timber situation in the Pacific Northwest in the context of the laws passed by Congress, the actions of executive-branch agencies, and the rulings of the federal judiciary. Wilderness Society. 1993.

Calculated the economic impact associated with a proposal to restrict logging in the Sequoia National Forest and to establish the Sequoia National Monument. Private client. 1993.

Developed a method for assessing the economic effects of designating critical habitat for threatened or endangered species. U.S. Fish and Wildlife Service. 1993.

Integrated the results from past studies into a summary of the economic importance of the salmonid fishery in the Pacific Northwest. Pacific Rivers Council. 1993.

Assisted with the design and conducted an economic evaluation of the Pacific River Council's Restoration Initiatives, a series of demonstration projects designed to rehabilitate degraded watersheds. Pacific Rivers Council. 1993.

Described the theoretical issues underlying efforts by state commissions to introduce environmental externalities into the regulatory process, the procedural opportunities for doing so, and the practical lessons from case studies of six states. National Association of Regulatory Utility Commissioners. 1992-93.

Analyzed the social implications of managing the federal forests in the Douglas-fir regions on longer rotations. U.S. Forest Service. 1992.

Developed the preliminary study design for using contingent-valuation methods to determine the value of environmental externalities from electrical generation and transmission. U.S. Department of Energy, Bonneville Power Administration. 1992.

Developed and evaluated alternative approaches for ensuring that the activities of state and federal agencies are consistent with Oregon's Strategic Plan. Oregon Economic Development Department. 1992.

Evaluated adjustments applied to the economic costs of alternative energy resources to account for environmental externalities in PGE's least-cost planning effort. Portland General Electric. 1992.

Provided the Tri-County Metropolitan Transportation District in Portland with quarterly forecasts of its payroll-tax revenues, payments from the State of Oregon, the region's economic condition, employment by industry, income by source, the price of diesel fuel, and the consumer price index for urban wage earners. Tri-County Metropolitan Transportation District. 1981-92.

Collected data on the costs (equipment, resources, personnel) of responding to an offshore oil spill within 24 hours. Private client. 1991-92.

Designed and conducted research on the impacts of land use on Oregon's transportation systems and costs. Oregon Department of Transportation. 1991-1992.

Developed a strategic plan for allocating state resources to assist dislocated workers and timber-dependent communities, and a set of legislative recommendations for implementing the plan. Oregon State Legislative Joint Committee on Forest Products Policy. 1990.

Described the forces and factors that underlie the controversy surrounding the U.S. Forest Service's land-management program and outlined corrective actions. U.S. Forest Service. 1990.

Analyzed the impact of listing the spotted owl as an endangered species for several public and private clients, including the City and School District of Eugene, Oregon, the Tri-County Metropolitan Transportation District in Portland, and electric utilities in the Eugene metropolitan area. 1990.

Assessed the impacts of timber harvests with and without a change in forest management policy that would protect most or all of the remaining old-growth forest on federal lands in three timbersheds: Grays Harbor and Pacific Counties in Washington; Linn and Lane Counties in Oregon; and Siskiyou County in California. Wilderness Society. 1990.

Assessed policies for redirecting growth from the Puget Sound region to other parts of the state and policies for redirecting growth within the Puget Sound region. Puget Sound Council of Governments. 1990.

Described the economic and environmental impacts of the Exxon Valdez oil spill on Alaska's communities. 1989-90.

Analyzed the potential contribution to local and regional economic development of a proposed mixed-use development in downtown Eugene and the appropriateness of state support for required utility relocation. City of Eugene. 1989.

Developed a method for setting fees for over 500 services Lane County provides. Lane County Finance and Management Services. 1987-88.

Analyzed proposed economic-evaluation procedures for allocating unappropriated water in the Snake River Basin, especially the adaptation of benefit-cost methodologies designed for federal decision-making to state and local policy. Idaho Office of the Governor, Division of Financial Management. 1985-88.

Supervised and directed the analysis of the economic costs and benefits of the Northwest Power Planning Council's Columbia River Basin Fish and Wildlife Program. Northwest Power Planning Council. 1988.

Analyzed the economic feasibility of relocating the section of Interstate-5 between the Marquam and Fremont bridges in Portland. City of Portland, Department of Transportation. 1988.

Conducted an economic feasibility analysis of a proposed publicly owned cable-television system. Springfield Utility Board. 1987-88.

Analyzed the economic impact of a plant closure in Dallas, Oregon and advised government officials on immediate mitigative solutions and on long-term economic development strategies. Mid-Valley Council of Governments. 1988.

Analyzed the development of independently owned, small electricity generators operating under PURPA contracts in Oregon. Oregon Public Utility Commission. 1988.

Analyzed the rate of absorption of industrial space in the Eugene-Springfield area since 1976. Eugene/Springfield Metropolitan Partnership. 1987-88.

Evaluated several land-use options for vacant property in the Glenwood district of Eugene, Oregon. City of Eugene. 1987-88.

Analyzed the likely effects of reopening part of Willamette Street to automobile traffic. City of Eugene. 1987-88.

Led a team of economists and planners studying the economic, demographic, fiscal, and community-service impacts of siting a proposed high-level nuclear waste repository at Hanford, Washington. Impact Assessment Inc. and Washington Department of Ecology. 1987.

Analyzed the socioeconomic characteristics of Atlanta, Idaho, the likely impacts of a proposed open-pit gold-mine near Atlanta, and the dollar value of major costs and benefits. U.S. Forest Service. 1986-87.

Analyzed the fiscal impacts of changes in timber-sale contracts, including the fiscal and economic implications of alternative proposals for offering contractual relief to firms holding contracts for state-owned timber. Oregon Division of State Lands. 1987.

Analyzed the impact of alternative wholesale power rates on irrigated agriculture and developed efficient-rate mechanisms to enhance the viability of this industry. Northwest Irrigation Utilities. 1986-87.

Evaluated the feasibility of constructing an 18-hole, regulation-size golf course on a 210-acre parcel of land, and conducted a market analysis and a financial plan for construction and operation. Lane County, Oregon. 1987.

Prepared baseline employment and income sections for the socioeconomic element of an environmental impact statement for the proposed Chartam gold and silver mine. Private client. 1986-87.

Reviewed the adequacy and accuracy of a sensitivity analysis and an expected-utility analysis of proposed nuclear-waste repositories. Washington State Department of Ecology. 1986-87.

Supervised and managed studies on property in Beaverton and Tigard, Oregon, and identified the current and future needs for residentially related commercial land within the study areas. Cities of Beaverton and Tigard. 1986.

Analyzed the economic effects of proposed changes in the existing Forest Practices Rules for the State of Washington. Washington State Department of Natural Resources. 1986.

Performed a feasibility study for the creation of a 300-seat convention center at a beach resort in Lincoln City, Oregon. Private client. 1986.

Evaluated and proposed zone changes for the City of Troutdale based on an analysis of market conditions, land characteristics, the goals of the comprehensive plan, and the land owners' plans for current and future use of the property. City of Troutdale. 1986.

Analyzed the general economy, recommended strategies for improvement, and prepared a report summarizing the Forest Service's preliminary decision to retain its regional headquarters in Challis. North Custer Resource and Development Committee. 1985-86.

Evaluated cost information on landfills for solid waste to develop a computer model to calculate the economic value of environmental costs that accompany the construction, operation, and decommissioning of a landfill. Oregon Department of Environmental Quality. 1986.

Analyzed factors relevant to the feasibility of a sewage treatment plan. City of Keizer. 1985-86.

Analyzed the service sector in Portland, determined the strengths and weaknesses of a business location relative to other cities, and identified a target list of service-sector industries that would find Portland attractive. Portland Development Commission. 1986.

Provided an economic analysis associated with a proposed up-zoning of a site zoned for a neighborhood shopping center, based on consideration of existing land uses, existing zoning, and the current and expected needs of the community. Private client. 1985-86.

Assisted in the development of a comprehensive land-use plan and the writing of implementing ordinances, including analysis and forecasting of population, housing, employment, and economic development. City of Keizer. 1984-86.

Served as staff to the Citizen's Rate Advisory Committee and prepared the Committee's final report, recommending goals and policies for economic development. Emerald People's Utility District. 1985-86.

Advised the State of Idaho on management of the water resources of the Snake River Basin and the implementation of the Swan Falls Agreement. State of Idaho. 1985.

Evaluated a mixed-use zone in the Whiteaker neighborhood. City of Eugene. 1984-85.

Analyzed and forecasted the tourism market in Pacific Power and Light's service area. Private client. 1985.

Performed a feasibility analysis on the expansion of an existing 18-hole golf course to 27 holes. City of Portland. 1985.

Analyzed and forecasted the demand for column inches of advertising for a metropolitan newspaper, estimating the growth of new households and subscriptions. Private client. 1983-85.

Analyzed three new sources of tax revenues: taxing the gross receipts of parking, wholesale fuel distributors, and automobile sales dealers. Tri-County Metropolitan Transportation District. 1985.

Evaluated the methods used by the U.S. Department of Energy to rank potential sites for nuclear waste repositories. Washington State, Joint Legislative Committee on Science and Technology. 1985.

Analyzed the public uses and private-market demand for county property. Multnomah County. 1984-85.

Analyzed the cost of administering land-use changes and developed a system for setting fees that equitably allocates costs to applicants. Washington County. 1984-85.

Designed and supervised the administration of a survey of fishermen on the Swan River and other drainages to determine the value they place on recreational fishing. Montana Department of Fish, Wildlife, and Parks. 1983-84.

Evaluated the environmental effects from energy development projects, including the value of the external costs and benefits accompanying the development of coal-fired or combustion-turbine power plants. U.S. Department of Energy, Bonneville Power Administration. 1983-84.

Analyzed the economic, legal, and political implications of annexing a large tract of industrially zoned land to a city. City of Troutdale. 1983-84.

Reviewed and critically evaluated an economic analysis of lease rates for submerged and submersible land. Oregon Division of State Lands. 1983-84.

Established rates for future sewer services under a county's long-range capital development plan. Multnomah County. 1983.

Developed a method for evaluating which type of fringe benefits package would be most cost-effective considering both the demographic characteristics of the workforce and the institutional structure of the employer. City of Portland, Oregon. 1983.

Served as staff to the Citizen's Rate Advisory Committee and prepared the Committee's final report on a new rate structure for residential, commercial, and industrial customers. Emerald People's Utility District. 1983.

Evaluated a range of financing techniques to increase the conservation of energy among commercial users. City of Eugene. 1982-83.

Formulated the evaluation program for a HUD-funded grant used to provide low-interest loans to business for energy conservation measures. Lane County Housing Authority and Community Services Agency. 1982-83.

Prepared a financing plan for the Central County Service District and evaluated innovative financing mechanisms for funding the construction of a sewer system for East Multnomah County. Multnomah County. 1982-83.

Designated an economic development strategy for the City of Forest Grove. City of Forest Grove. 1982-83.

Reviewed the financial stability of one of an educational organization's member institutions, projected future revenues and expenditures, and made recommendations about the organization's continued funding of the institution. Private client. 1983.

Calculated the potential fiscal impacts of a proposed state lottery on the earnings of the Oregon Common School Fund. Oregon Division of State Lands. 1983.

Conducted a cost-benefit analysis of management options for mitigating the threat of flooding in the Toutle/Cowlitz watershed, which was damaged by the eruptions of Mt. St. Helens. Cowlitz County Department of Community Development. 1982-83.

Analyzed six prototypical neighborhoods to determine how the market would respond to new commercial zoning regulations. City of Seattle. 1982.

Forecasted the demand for coal in the Pacific Northwest, California, and Pacific Rim Countries, concentrating on the demand for steam and coal by electric utilities throughout the Western United States. Private client. 1980-82.

Analyzed the fiscal and economic impacts of alternative proposals for offering relief to firms holding contracts for state timber. Oregon Land Board. 1982.

Advised the City Manager on the implications of regional energy policies and helped the city develop appropriate responses to the regional policies. City of Eugene. 1981-82.

Analyzed the system of charges imposed on a city by the municipal utility for installing over-sized water mains to ensure adequate water service for fire protection. City of Eugene. 1981-82.

Evaluated policies to protect the water quality of the Rathdrum Prairie Aquifer from septic effluent resulting from indiscriminate development. Panhandle Health District, Kootenai County, Idaho. 1981-82.

Evaluated the past and current applications of economic theory to water resource management in the Columbia River Basin and assessed the effects of such policies on anadromous fish populations. U.S. Department of Energy, Bonneville Power Administration, Northwest Resources Information Center. 1981-82.

Developed socioeconomic criteria to measure direct and indirect benefits of hydroelectric projects. Montana Department of Natural Resources and Conservation. 1981-82.

Developed recommendations for the State of Montana concerning its use of investment funds for in-state economic development. Northern Rockies Action Group. 1981-82.

Predicted the demand for housing in downtown Portland using sources of housing statistics and a statewide econometric model. Portland Development Commission. 1981-82.

Developed a reliable model for predicting future trends in 18 non-wood manufacturing industries. Lane County. 1981.

Identified and evaluated an exhaustive list of methodologies for assessing the environmental costs and benefits of acquisitions. U.S. Department of Energy, Bonneville Power Administration. 1981.

Assessed changes in housing demand and supply for the area and simulated future changes for the period 1980-2000. West University Neighborhood of Eugene. 1981.

Researched and reported on the locational criteria of high-technology firms in the Eugene-Springfield area. City of Eugene. 1981.

Identified the transportation problems in the Vancouver, Washington-Portland, Oregon corridor, isolated their causes, recommended solutions and the institutional and financial

arrangements for implementing the solutions. Bi-State Task Force (Cities of Portland and Vancouver, Counties of Multnomah and Clark, Metropolitan Service District, Oregon Department of Transportation, Washington Department of Transportation) and U.S. Department of Transportation. 1980-81.

Wrote the economic element of a draft environmental impact statement, which included assessments of the economic and land-use impacts of a proposed rapid transit system in the western Portland metropolitan area. Metropolitan Service District. 1981.

Described the fiscal impacts of proposed urban development on the county and ten special districts, and analyzed the financing mechanisms available to mitigate those impacts. Washington County. 1981.

Prepared a land-use, fiscal-impact, and feasibility analysis of a proposed light-rail system in Washington County, Oregon (in the Portland SMSA). Washington County, Metropolitan Service District, and U.S. Department of Transportation. 1980.

Developed a five-year fiscal action plan for Multnomah County, Oregon (in the Portland SMSA), including specifying and simulating the major alternative approaches available to the County for facing its fiscal problems. Multnomah County. 1980.

Specified and evaluated alternative programs for encouraging mixed-use districts. City of Eugene. 1980.

Assisted in devising and evaluating alternative policies of airshed management that accommodate anticipated future economic growth. Portland Interstate Air Quality Maintenance Area. 1979-80.

Analyzed the impacts of Montana's CETA program on its participants, developed models of the factors influencing the program's effectiveness, and trained the program's administrators in interpreting the models to improve the program. Montana Governor's Employment and Training Council, with a grant from the U.S. Department of Labor. 1979-80.

Prepared a grant application for a transit mall in Eugene under the Urban Initiatives Program of the U.S. Urban Mass Transit Administration. Lane Transit District, City of Eugene, Oregon. 1980.

Identified and evaluated the locational criteria of the high technology firms based in Santa Clara County, California. Private client. 1980.

Forecasted and evaluated the likely economic consequences of alternative air-quality strategies in the Portland interstate Air Quality Maintenance Area. City of Portland and U.S. Environmental Protection Agency. 1979-80.

Studied the likely increases in storm water run-off that would result from future urbanization and changes in land use in the Eugene-Springfield metropolitan area. U.S. Army Corps of Engineers.

Described and evaluated alternative programs for promoting downtown housing in a sample of four U.S. cities. City of Eugene. 1980.

Prepared a work program for a market analysis of Blair Neighborhood's commercial revitalization. City of Eugene. 1980.

Defined the objectives of the 19 Statewide Planning Goals, identified inconsistencies among them, and described a methodology for specifying and quantifying program objectives in a

way which would allow them to be evaluated. Oregon Land Conservation and Development Commission. 1979-80.

Described and evaluated alternative growth-management programs in a sample of nine U.S. cities. City of Eugene. 1979-80.

Prepared a cost-revenue analysis of the acquisition of land surrounding Mahlon Sweet Airport for the purpose of minimizing land-use conflicts with the airport. Mahlon Sweet Airport and City of Eugene. 1979-80.

Developed a short- and long-run evaluative framework for the Oregon Coastal Management Program. Department of Land Conservation and Development. 1979.

Analyzed the potential for a large West-Coast construction firm to secure construction-management contracts for public-sector construction projects, and developed a marketing strategy for the firm. Private client. 1979.

Analyzed the feasibility of a proposed commercial-industrial park. Private client. 1979.

Surveyed and inventoried the commercial and recreational boat launching and moorage facilities in Oregon's estuaries and forecasted the future demand for such facilities. Oregon Department of Land Conservation and Development. 1979.

Analyzed the market for rental and multifamily housing in the central area of Eugene. Eugene Planning Department. 1978-79.

Developed forecasting models of demand for mineral aggregates for Oregon and for the market areas centered in Portland, Lincoln County, the Medford-Ashland metropolitan area, Umatilla County (Pendleton, Umatilla, and Boardman), Deschutes County (Bend), and the Willamette National Forest. Oregon Department of Geology and Mineral Industries and U.S. Army Corps of Engineers. 1978-79.

Analyzed Eugene's economy, with special emphasis on developing an economic management process for implementing the City's economic policies relating to industrial and commercial activity, land use, and the unemployed and economically disadvantaged. City of Eugene. 1978.

Analyzed housing markets, matching and forecasting housing prices and household incomes in the Eugene-Springfield metropolitan area. Private client. 1978.

Prepared a program for revitalizing the downtowns of Spooner and Medford, Wisconsin, as part of the American Institute of Architects' Regional/Urban Design Assistance Team. Wisconsin Northwest Regional Planning Commission and Upper Great Lakes Regional Commission. 1978.

Calculated the effects of the City of Beaverton's building moratorium on homebuilders and households in and around Beaverton, Oregon. Oregon State Homebuilders Association and Portland Metropolitan Homebuilders Association. 1978.

Prepared the economic elements for the comprehensive land-use plans of Lincoln County, Newport, Lincoln City, Toledo, Waldport, Siletz, and Depoe Bay. Lincoln County Planning Department, with a grant from the Oregon Department of Land Conservation and Development. 1978.

Described the nature and location of unemployment in Lane County. Lane Council of Governments. 1978.

Analyzed Eugene's housing markets by type, tenure, and location; and analyzed the underlying supply and demand conditions for residential land in Eugene, Springfield, and the balance of the metropolitan area. City of Eugene. 1978.

Identified the effects of Lane County's land-use and other regulations on the supply and costs of land and housing in Lane County and developed a system for monitoring, evaluating, and controlling these effects. Lane County Planning Division. 1977-78.

Evaluated the effectiveness with which the West Eugene Industrial Area could expect to accommodate future industrial activity, and recommended methods for revitalizing the area and for establishing a vehicle for economic development. City of Eugene. 1977-78.

Assessed the effect of Eugene's Urban Service Boundary and developed a system for monitoring, evaluating, and managing Eugene's growth. Eugene Planning Department. 1976-78.

Analyzed the single-family and multiple-family housing markets in Eugene, Oregon. City of Eugene. 1977.

Prepared a work program and evaluation of the Permit System Improvement Projects in Portland, Salem, Eugene, and the State of Oregon. Oregon Executive Department, with an intergovernmental grant from the U.S. Department of Housing and Urban Development. 1977.

Prepared the economic element for Marion County's Comprehensive Plan. Marion County Planning Department, with a grant from the Oregon Department of Land Conservation and Development. 1976-77.

Evaluated the performance of the employment and training programs for adults in Jackson and Josephine Counties, Oregon. Jackson-Josephine Job Council with a grant under Title I of the Comprehensive Employment and Training Act. 1977.

Developed a process to increase the efficiency of the local labor markets in Gilliam, Grant, Morrow, Umatilla, and Wheeler Counties, and evaluated the performance of the District 12 COG's Employment and Training Program. East Central Oregon Association of Counties, Oregon Employment Division, and U.S. Department of Labor. 1977.

Calculated current and forecasted future employment in Eugene, Springfield, and the balance of the metropolitan area, by sector and location, and analyzed the underlying supply and demand conditions for commercial and industrial land in Eugene. City of Eugene. 1977.

Analyzed the feasibility of the rehabilitation of the old St. Charles Hospital in Bend, Oregon. U.S. Department of Commerce, Economic Development Administration (Project No. 08-06-01776). 1976-77.

Evaluated the performance of the Greater Portland Convention Association and the Portland Chamber of Commerce, Convention Bureau, Portland, Oregon. Greater Portland Convention Association. 1976-77.

Analyzed the impact of zoning on land use in Portland, Oregon and forecasted the demand and supply conditions of industrial land. Portland Bureau of Planning and U.S. Department of Commerce, Economic Development Association. 1976.

Prepared work programs for a study of the economies of Linn, Benton and Lincoln Counties. Planning Departments of Linn, Benton, and Lincoln Counties, Oregon. 1976.

Performed a preliminary feasibility analysis of a residential, office, and retail development in Eugene. Private client. 1976.

Evaluated and reorganized Ashland's Comprehensive Plan; developed evaluative criteria for land-use planning in Ashland, Oregon. City of Ashland. 1976.

Performed a feasibility analysis of a 1200-room convention center in downtown Portland, Oregon. Convention Centers, Inc. 1975-76.

Evaluated the performance of the Youth Work Experience Program in Jackson and Josephine Counties, Oregon. Jackson-Josephine Job Council, with a grant under Title I of the Comprehensive Employment and Training Act. 1975-76.

Evaluated proposed comprehensive plans for the Camp Sherman Area and for Culver City in Jefferson County, Oregon. Planning Department of Jefferson County. 1976.

Analyzed the economic impact of a proposed K-Mart development on the Salem business community. Salem City Council. 1976.

Performed economic impact assessments on: geological hazards; fish and wildlife; beaches and dunes; agriculture, forest, urban; historical and archaeological; continental shelf resources; estuary and wetland resources; visual values; freshwater resources, shoreland resources; and general policies. Oregon Coastal Conservation and Development Commission. 1975.

EXPERT TESTIMONY IN TRIAL

Provided testimony and analyzed employment, vocational, and medical information to calculate potential economic losses related to an injury incurred by a 39-year-old male employed as a truck driver. 2016.

Provided testimony and analyzed employment and occupational data to calculate potential economic losses related to an injury incurred by a 50-year-old male employed as a surveyor. 2015.

Provided testimony and analyzed employment, vocational, and medical information to calculate potential economic losses related to an injury incurred by a 53-year-old male employed as a truck driver. 2014.

Conducted an analysis and provided testimony regarding Lane County's denial of Serenity Lane's not-for-profit status regarding county property tax payments. 2014.

Calculated potential economic damages (lost income) in a matter involving personal injury by a real estate agent serving Portland's real estate market, and provided testimony at an arbitration hearing. 2014.

Provided testimony and calculated cost savings achieved through violation of environmental regulations by a concrete business. Sacramento, California: State of California. 2009-2010.

Provided testimony and calculated the market value of process-water and waste-water services. Portland, Oregon: Schwabe, Williamson & Wyatt. 2010-2011.

Provided testimony and calculated economic damages to patent holders of alleged patent infringement. Portland, Oregon: Schwabe, Williamson & Wyatt. 2008-2009.

Provided testimony that addressed the costs and benefits of a gasoline formulation that leaked from underground storage tanks and contaminated groundwater. ECO also described the costs and benefits of using an alternative gasoline formulation that did not pose such

threats of contamination. New York, New York: New York City Law Department. 2005-2009.

Provided testimony and assessed the accuracy and value of a written document prepared by the plaintiff. Portland, Oregon: Mitchell, Lang & Smith. 2008.

Provided testimony regarding punitive damages in a case involving water contaminated with dry-cleaning chemicals. Sacramento, California: Miller, Axline & Sawyer. 2006.

Provided testimony and calculated the economic damages incurred by a homeowner whose trees were removed without his permission. Eugene, Oregon: Gaydos Churnside & Balthrop PC. 2005-2006.

Provided testimony and calculated the economic damages to a seafood-related business as a result of a license dispute with the State of Washington. Tacoma, Washington: Gordon, Thomas, Honeywell, Malanca, Peterson & Daheim, 2004-2005.

Provided testimony and analyzed the economic damages incurred by citizens of the State of Yap, in the Federated States of Micronesia, from a ship that grounded on the coral reef and spilled oil into the mangrove-reef ecosystem. San Francisco, California: Davis Wright Tremaine. 2003-2005.

Provided testimony and calculated lost wages and benefits in a wrongful discharge claim between a former employee and a hardwood-trading firm. Portland, Oregon: Dunn Carney Allen Higgins Tongue. 2004.

Provided testimony in a NAFTA arbitration matter in which the claimant sought damages arising from the State of California's ban on the use of MTBE as a gasoline oxygenate. Washington, D.C.: U.S. Department of State. 2003-2004.

Provided testimony and evaluated the relevant product and geography for hospital services in Oregon for claims of monopolistic behavior. Portland, Oregon: Schwabe, Williamson & Wyatt. 2002-2003.

Provided telephone testimony and evaluated the U.S. market for suspension systems for bicycles. Portland, Oregon: Schwabe, Williamson & Wyatt. 2002-2003.

Provided testimony for the State of Oregon and analyzed the economic damages to the Oregon coast resulting from an abandoned section of the *New Carissa* shipwreck. Salem, Oregon: Oregon Department of Justice; Eugene, Oregon: Jaqua and Wheatley. 2002.

Provided testimony on, analyzed, and critiqued the defendant's claims of damages in a dispute concerning a rental agreement for city-owned commercial property. Eugene, Oregon: Harrang, Long, Gary, Rudnick. 2002.

Provided testimony and evaluated the economic impacts to municipalities in Alaska of the oil spilled from the Exxon Valdez. Portland, Oregon: Stoll, Stoll, Berne, Lokting, Shlachter. 2000-2002.

Provided economic analysis and testimony for the South Tahoe Public Utility District comparing the costs and benefits associated with using MTBE, ethanol, or alkylates in reformulated gasoline in California. Sacramento, California: Miller, Sher & Sawyer. 1999-2002.

Researched the literature, evaluated the economic basis for antitrust claims in a franchise setting, and provided expert testimony to an arbitration panel evaluating antitrust and

tying claims related to the cedar home market. Seattle, Washington: Cutler & Nylander. 2000-2001.

Provided analysis and testimony regarding the economic impacts suffered by an oyster grower as a result of the grounding of the New Carissa. San Francisco, California: Davis Wright Tremaine. 2000-2001.

Provided economic analysis and testimony regarding the economic damages to an irrigator resulting from sewage pollution in the South Umpqua River. Roseburg, Oregon: Dole, Coalwell, Clark, Mountainspring & Mornarich. 1998.

Provided economic analysis and testimony regarding the hiring and pay for head coaches at Oregon State University and calculated economic loss from gender-based hiring. Eugene, Oregon: Walters, Romm, Chanti, & Dickens. 1997.

Provided economic analysis and testimony regarding the lost profits from a patent infringement of an orbital sander by conducting surveys and econometric analysis. Portland, Oregon: Kolisch, Hartwell, Dickinson & McCormack. 1995-1997.

Provided economic analysis and testimony regarding uncompensated expenses and lost profits in a contract dispute between a manufacturer of video lottery terminals and the Oregon State Lottery. Portland, Oregon: Davis, Wright, Tremaine. 1996.

Provided economic analysis and testimony regarding the catalytic converter and recycling industries and calculated damages for the defendant. Eugene, Oregon: Luvaas, Cobb, Richards & Fraser. 1995-1996.

Provided economic testimony regarding antitrust liability and damages related to the wholesale markets for televisions. Portland, Oregon: Schwabe, Williamson, Wyatt. 1995.

Testified regarding damages to a rose nursery from actions by a natural-gas utility. Eugene, Oregon: Luvaas, Cobb, Richards, and Fraser. 1995.

Provided expert testimony regarding economic damages due to antitrust activity in the retail and wholesale markets for petroleum products. Anchorage, Alaska: Condon, Partnow & Sharrock. 1994-1995.

Provided economic analysis of and testimony on issues relating to relevant product and geography, the extent of power in the market for recreation equipment, and damages. Boise, Idaho: Clemons, Cosho and Humphrey. 1988-1992.

Provided testimony regarding whether a property-purchase-leaseback partnership was organized solely to generate reduced taxes, rather than economic profit for the partners. Oregon Department of Justice. 1991.

Provided economic analysis and testimony regarding price discrimination and tied houses in the alcoholic beverage industry. Portland, Oregon: Schwabe, Williamson, Wyatt, Moore, and Roberts. 1987-1988.

Provided analysis and testimony on the value of eight properties of real estate. Portland, Oregon: Hanna, Urbrikeit, Jensen, Goyak, and O'Connell. 1987-1988.

Provided analysis and testimony regarding the damages associated with alleged patent infringement. Portland, Oregon: Schwabe, Williamson, Wyatt, Moore, and Roberts. 1987.

Provided regulatory policy analysis and testimony regarding irrigation rate-discounts and the adverse economic impact of higher electrical rates. Private client. 1987.

Provided analysis and testimony regarding the economy of Lincoln County for the years 1970-1986, with special emphasis on the variables of non-agricultural wage and salary employment, covered payrolls, restaurant and hotel payrolls, and total assessed true cash value. Lincoln City, Oregon: Lovejoy and Green. 1987.

Provided economic analysis and testimony regarding the economy of Oregon and the auto industry in the early 1980s. Eugene, Oregon: Swanson and Walters. 1987.

Provided economic analysis and testimony for a private utility regarding economic principles for efficient pricing of electricity sold to regulated utilities by independent producers. Boise, Idaho: Runft, Leroy, Stecher, Coffin, and Mathews. 1985-1986.

Provided economic analysis and testimony regarding a newspaper's alleged violation of antitrust laws with respect to the market for local printed advertising. Portland, Oregon: Gordon, Thomas, Honeywell, Malanca, Peterson, and Daheim. 1985.

Testified in a franchise dispute for Richard Fredricks, owner of Subaru, in Multnomah County Circuit Court. Palm Desert, California: Richard Houghton. 1983.

Also testified in personal-injury and wrongful-death cases.

OTHER EXPERT ANALYSIS FOR LITIGATION

Provided analysis in describing the economic damages of oil spill clean up. Lafourche Parish, LA: The Wisner Donation. 2015-2016.

Provided analysis on the economic effects of a contaminated site in the City of Hattiesburg. Hattiesburg, Mississippi: Lightfoot, Franklin, & White, LLC. 2015-2016.

Provided testimony and analysis on the economic damages incurred by property owners as the result of a pipeline spill. Michigan: Boyle Burdett LLC. 2014-2015.

Provided testimony and analysis, in a defective product matter, on the economic damages incurred by a small, artisanal ranching operation as the result of a personal injury caused by a malfunctioning piece of agricultural equipment. Portland, Oregon: Bear Wilner-Nugent, Counselor and Attorney at Law LLC. 2014-2015.

For defendant, City of Memphis, responded to plaintiff's understanding and application of relevant economic principles regarding fees charged for access to public right-of-way. Memphis, Tennessee: Allan J. Wade, PLLC. 2014.

Calculated economic damages incurred by the Town of Halfmoon, New York, stemming from PCB contamination and dredging of the Hudson River. The water contamination prevented the Town from utilizing the Town's water treatment plant to supply its own water, and it increased the water-related risks facing the Town. Albany, New York: Nolan & Heller, LLP. 2013-2016.

Described the value of the economic benefits that accrue to the Class of plaintiffs as a result of the litigation outcome ensuring that a groundwater aquifer contaminated with vinyl chloride will be remediated. Baton Rouge, Louisiana: Talbot, Carmouche & Marcello. 2012-2013.

Evaluated the water-, air-, and fuel-related costs and benefits in California of different gasoline formulations designed to meet the requirements of the Clean Air Act. Sacramento, California: Miller, Axline & Sawyer. 2010-2013.

Evaluated the water-, air-, and fuel-related costs and benefits in California of different gasoline formulations designed to meet the requirements of the Clean Air Act. Sacramento, California: Miller, Axline & Sawyer. 2011-2012.

Calculated the present value of the future costs to remove contaminants from a utility's drinking water supply. San Francisco, California: Sher Leff LLP. 2010-2012.

Analyzed the economic aspects of broadband providers using municipal rights-of-way (ROW). Washington, D.C.: Miller & Van Eaton. 2010.

Calculated damages to the Quapaw Tribe in Oklahoma from past mining activities on the Tar Creek Superfund Site. Washington, D.C.: Caddell & Chapman. 2009-2010.

Analyzed alleged anticompetitive behavior, if any, in the market for diagnostic imaging services in the Reno area. Reno, Nevada: Robison, Belaustegui, Sharp & Low. 2009.

Evaluated DNR's decision not to quantify monetary values associated with Blanchard forest. Seattle, Washington: Toby Thaler. 2008.

Evaluated damages to the County associated with loss of use of contaminated property. Chicago, Illinois. Bollinger, Ruberry & Garvey. 2007-2009.

Analyzed economic factors relevant to setting market-rate royalties associated with an aggregate mine. Portland, Oregon: Stoel Rives LLP. 2007-2008.

Analyzed a construction company's ability to pay civil penalties associated with alleged violations of air-quality regulations. Sacramento, California: California Attorney General. 2007-2008

Calculated damages suffered by an auto dealership and service department stemming from the violation of non-solicitation and non-compete clauses in an asset purchase agreement. Portland, Oregon: Foster Pepper LLP. 2007-2008.

Studied the market for MRI services in the Boise area and assessed alleged anticompetitive behavior in this market. Boise, Idaho: Greener, Banducci, Shoemaker. 2006-2007.

Analyzed the economic issues of class certification and damage calculations related to alleged antitrust violations in the market for residential lots in the Boise, Idaho area. Seattle, Washington: Hagens Berman Sobol Shapiro LLP. 2006-2007.

Analyzed the fuel ethanol market to determine if refiners could have used ethanol instead of MTBE to meet federal reformulated-gasoline mandates during the 1990s. San Francisco, California: Sher Leff; et al. 2005-2007.

Calculated the economic damages suffered by a private water utility from MTBE contamination in its drinking-water wells. San Francisco, California: Sher Leff. Dallas, Texas: Baron & Budd. 2006-2008.

Calculated present value of economic damages to Hawaiian water utility from contaminated groundwater. San Francisco, California: Sher Leff, LLP. 2007.

Analyzed the operations and financial performance of a timber company's cogeneration facilities. Calculated the profits earned by the company as a result of unfair competition

stemming from violations of air-quality regulations. Sacramento, California: Office of the Attorney General, State of California. 2005-2007.

Analyzed the market for diagnostic-imaging services in the Portland-metro area. Portland, Oregon: Haglund, Kirtley, Kelley, Horngren & Jones. 2005-2006.

Calculated the economic loss associated with lost wages, lost household services, and additional costs caused by the wrongful death of a mother. Private client. 2005-2006

Addressed the economic issues regarding the plaintiffs' challenge to a city's franchise-fee agreements for use of the city-owned right-of-way. Portland, Oregon: City Attorney's Office. 2005-2006.

Provided a declaration in support of the fee that a city charges to access the municipal right-of-way. Portland, Oregon: City Attorney's Office. 2004-2005.

Analyzed the potential violation of trade secrets. Portland, Oregon: Schwabe, Williamson & Wyatt. 2005-2006.

Calculated the economic loss related to several wrongful deaths and injuries, suffered primarily by college students. Portland, Oregon: Private client. 2005.

Performed statistical analysis to identify members of a proposed class of plaintiffs and the amount of the aggregate class damages from the failure of an insurance company to compensate policyholders for the actual cash value of the sales tax paid on lost property. Seattle, Washington: Stritmatter Kessler Whelan Withey Coluccio. 2005.

Reviewed and critiqued the opposing expert's analysis in a wrongful discharge case. Portland, Oregon: Mersereau & Shannon. 2004-2005.

Studied the economic performance of the ski industry in the Lake Tahoe area and the market conditions that affect this sector of the region's economy. California: California Office of the Attorney General. 2003-2005.

Reviewed economic analyses, prepared by the U.S. Department of Agriculture and the U.S. Environmental Protection Agency, of the potential economic impacts of court-ordered restrictions on the use of pesticides near salmon-bearing streams in the Pacific Northwest. Seattle, Washington: Earthjustice. 2004.

Provided a declaration of opinion concerning the adequacy of financial information. Seattle, Washington: Bricklin Newman Dold. 2004.

Reviewed economic issues specific to the Telecommunications Act of 1996 regarding the fees that the City of Huntsville charges telecommunications firms to use its right-of-way. Huntsville, Alabama: Fees & Burgess. 2003.

Analyzed the economic damage to homeowners in Idaho due to hazardous waste pollution from mining and mineral processing activities. Seattle, Washington: Hagens & Berman. 2002-2004.

Studied allegations of price-fixing in markets for agricultural commodities. Portland, Oregon: Tonkon Torp. 1997-2004.

Analyzed the royalty rate that the holders of a process patent could expect to receive in a licensing arrangement. Portland, Oregon: Schwabe, Williamson & Wyatt. 2002-2004.

Evaluated right-of-way fees that a telecommunications company challenged in litigation in reference to certain provisions of the Telecommunications Act of 1996. Washington, D.C.: Miller & Van Eaton. 2002-2004.

Provided analysis regarding the economic impacts of a proposed aggregate mining operation on surrounding farms. Portland, Oregon: Garvey Schubert Barer. 2004.

Studied the economic aspects of defining a hospital's service area as it applied to Oregon's Certificate-of-Need requirement for new or relocated hospitals. Private client. 2003.

Analyzed the fees that a city charged a telecommunications company to access the city-owned right-of-way. San Diego, California: Best Best & Krieger. 2003.

Evaluated the pricing structure that local governments charge providers of cable modem services for using the local right-of-way and addressed the economic relevance of revenue-based fees in a congested right-of-way. Washington, D.C.: Miller & Van Eaton. 2002-2003.

Analyzed the statistical differences between groups of employment-related injury settlements. Seattle, Washington: Hagens & Berman. 2002-2004.

Studies the market for home intravenous care in preparation for a possible antitrust lawsuit. Private client. 2002.

Provided economic consultation on the market for health-care services in Oregon. Portland, Oregon: Schwabe, Williamson, & Wyatt. 2000-2002.

Provided economic analysis regarding the economic value of municipal rights-of-way and the use of the rights-of-way by telecommunications companies. Portland, Oregon: City of Portland Attorney's Office. 2001-2002.

Provided economic analysis of a patent-infringement claim regarding suspension systems for bicycles. Portland, Oregon: Schwabe, Williamson, & Wyatt. 2001-2002.

Evaluated the relevant product and relevant geography for hospital services in Oregon and analyzed economic damage claims. Portland, Oregon: Schwabe, Williamson, & Wyatt. 2000-2002.

Provided an economic analysis of the U.S. market for cookie stamps. Portland, Oregon: Schwabe, Williamson, & Wyatt. 2001.

Assessed the economic impacts of restricting a forest clearcut in the Carbon River Corridor Entrance to Mount Rainier National Park. Seattle, Washington: Washington Forest Law Center. 2000-2001.

Calculated the costs of a potential fuel spill at the mouth of the Columbia River. Portland, Oregon: Haglund, Kirtley, Kelley & Horngren. 2000-2001.

Determined the appropriate sample size required to confirm key characteristics about CEC's phone pole population. Bend, Oregon: Karnopp, Petersen, Noteboom, Hansen, Arnett & Sayeg. 2000.

Evaluated the likely effects of certain labor practices on the working conditions of workers in the reforestation industry. Eugene, Oregon: Oregon Law Center. 1999-2001.

Assessed the socioeconomic impacts of a proposed petroleum-products pipeline across central Texas. Private client. 1999-2001.

Analyzed the economic impacts of unauthorized construction activity that damaged a pueblo in New Mexico. Private client. 1999-2000.

Studied the economic status of bands of Native Americans. Private client. 1999.

Determined the damages caused by two competitors who infringed on a patent for an invention used in the alarm and security industry. Portland, Oregon: Stoel Rives LLP. 1999.

Evaluated the economic impacts of the proposed Cross-Cascade Pipeline on businesses, grain producers, and consumers. Portland, Oregon: Schwabe, Williamson & Wyatt. 1999.

Calculated the damages in an employment discrimination suit. Portland, Oregon: Gordon Thomas Honeywell. 1998.

Studied factors associated with teen smoking, including price elasticities, research and development expenditures by tobacco companies, and profits generated from cigarette consumption by underaged smokers. Hagens & Berman (Washington and Arizona) and Golub Silver (Connecticut). 1997-1998.

Calculated damages to commercial fishermen, seafood wholesalers/processors, hotels, and small businesses associated with a 1990 oil spill off Huntington Beach, California. Los Angeles, California: Gretchen Nelson. 1997-2000

Analyzed economic loss suffered as a result of injury. Jamin, Ebell, Schmitt, & Mason. 1997-1998.

Evaluated unfair trade practices in the market for computer software. Eugene, Oregon: Butler, Burgott, Leslie & Stine. 1997-1998.

Calculated economic damages for a class action law suit against an insurance company that retroactively denied coverage to accident victims many months after they had received costly treatment. Seattle, Washington: Hagens & Berman. 1996-1997.

Calculated economic damages resulting from a breach of the 1991 Manufacturing Agreement and misappropriation of intellectual property, trade secrets, and manufacturing tooling of VSI crusher parts. Portland, Oregon: Schwabe, Williamson & Wyatt. 1995-1997.

Analyzed the economic well-being of seven bands of Chippewa in Minnesota and Wisconsin. Minnesota Attorney General's Office and Department of Natural Resources. 1995-1997.

Analyzed lost profits resulting from the improper implementation of a new area code by conducting a telephone survey of affected firms. Seattle, Washington: Hagens and Berman. 1996.

Developed and administered a survey of auto parts salespersons to calculate hours of uncompensated overtime and the value of lost wages. Eugene, Oregon: Hoag, Garrettson, Goldberg & Fenrich. 1995-1997.

Analyzed the relevant product and geographic markets for video superstores. Portland, Oregon: Davis, Wright, Tremaine. 1995-1996.

Analyzed the economic costs and benefits of differential tax treatment between in-state and out-of-state insurance companies by the State of Oregon. Eugene, Oregon: Harrang Long. 1995.

Analyzed emissions of CO₂, mercury, fine particles, and other air contaminants associated with electricity generation. Chicago, Illinois. Environmental Law and Policy Center. 1995.

Identified the relevant geographic market for retail electronics for the 1970s and 1980s in Oregon. Portland, Oregon: Tonkon, Torp, Galen, Marmaduke & Booth. 1995.

Described the relevant product market for lumber mill equipment in the U.S. and Canada, Portland, Oregon: Kolisch, Hartwell, Dickinson, McCormack & Heuser. 1994-95.

Addressed the shortcomings of the economic analysis in the Spotted Owl Final Supplemental Environmental Impact Statement and the economic consequences of adopting a forest management plan based on an incomplete and inaccurate economic analysis. Seattle, Washington: Sierra Club Legal Defense Fund. 1994.

Provided expert analysis on class certification and economic damages for businesses and property owners affected by airborne toxic pollutants. Seattle, Washington: Riddell, Williams, Bullitt & Walkinshaw. 1993-1995.

Provided expert analysis regarding the value of damages to municipalities suffered as a result of the Exxon Valdez oil spill and cleanup. Kodiak, Alaska: Jamin, Ebell, Bolger & Gentry. 1990-94.

Provided expert testimony on class certification and conducted economic analyses for area businesses and property owners affected by a toxic spill in the Sacramento River. San Francisco, California: Lieff, Cabraser & Heimann. 1992-94.

Analyzed the economic impacts of a chemical spill on municipal governments. Private client. 1993

Provided expert analysis related to class certification and damages to property values from airport noise. Seattle, Washington: Hagens and Berman. 1992-1993.

Constructed a hedonic price model of the market for vacant commercial and industrial land in King County, Washington. Seattle, Washington: Betts, Patterson & Mines. 1992-93.

Analyzed the market for group dental insurance in Oregon and evaluated claims of antitrust liabilities and damages. Portland, Oregon: Schwabe Williamson. 1992-93.

Provided economic analysis of issues relating to relevant product market and relevant geographic market for neonatal-prenatal medicine. Eugene, Oregon: Calkins and Calkins. 1989-92.

Assessed the extent to which the Bureau of Land Management failed to satisfy the economic requirements for an exemption to the Endangered Species Act in its proposal to log timber in habitat for the northern spotted owl. Portland, Oregon: U.S. Fish and Wildlife Service. 1991-92.

Determined the extent to which the behavior of an association of river pilots operating under the provisions of an association of a state regulatory authority constituted an antitrust violation. Portland, Oregon: Haglund and Kirtley. 1991-92.

Evaluated and recommended actions for improving the analysis underlying Washington's system for determining child-support payments. Seattle, Washington: Betts, Patterson & Mines. 1991.

Provided expert analysis regarding the economic impacts of certain injunctions on U.S. Forest Service timber sales in Washington, Oregon, and northern California. Seattle, Washington: Sierra Club Legal Defense Fund. 1991.

Assessed the feasibility of a public agency's plan to condemn property and construct a hotel, thereby displacing planned private-sector development of a smaller hotel on the same site. Portland, Oregon: Pfister and Tripp. 1991.

Valued damages resulting from patent infringement by a competitor of a manufacturer of agricultural equipment who also made and sold similar, non-infringing equipment. Portland, Oregon: Schwabe, Williamson and Wyatt. 1991.

Analyzed the demand for recreational fishing in the Flathead Lake region in a dispute over the state's authority to regulate fish and game on an Indian reservation. Helena, Montana: Montana Attorney General's Office. 1990.

Provided economic analysis, with specific emphasis on the issues of relevant market, barriers to entry, and competition, of the market for maraschino cherries. Portland, Oregon: Tonkon, Torp, Galen, Marmaduke & Booth. 1990.

Described the importance of the apple industry to Chelan County, Washington and assessed the likelihood that randomly selected jurors would have a direct or indirect financial interest in the apple industry. Hoquiam, Washington: Stritmatter, Kessler and McCauley. 1989.

Provided economic analysis of the savings proposed by a private corporation to the Defense Logistics Agency. Boise, Idaho: Runft, Leroy, Coffin, and Mathews. 1985-1988.

Provided economic analysis regarding claims that a natural gas pipeline corporation violated antitrust laws in its interpretation and application of pipeline deregulation rules of the Federal Energy Regulatory Commission. Salt Lake City, Utah: Watkiss & Campbell. 1988.

Provided economic analysis regarding a claim by a roller-bearing manufacturer that a rock-crusher manufacturer violated antitrust laws by attempting to restrict after market sales of replacement roller bearings to crusher users. Pittsburgh, Pennsylvania: Springer, Bush, & Perry. 1988.

Provided economic analysis regarding a claim that the sale of television rights for professional bowling violated antitrust laws. Seattle, Washington: Hansen, Robinett & Krider. 1988.

Analyzed the economic impacts of a hostile takeover of Farmers Insurance by the British American Tobacco Company. Portland, Oregon: Lindsay, Hart, Neil, & Weigler. 1988.

Provided economic analysis for a school board during labor negotiations. Eugene, Oregon: 4J School District. 1987.

Reviewed the plaintiffs' appraisal of damages resulting from breach of contract for appropriateness of method and amount. Bend, Oregon: McCord & Haslinger, 1986.

Analyzed the present discounted value of damages incurred by a private corporation under an alleged restrictive settlement. Eugene, Oregon: Perrin, Gartland & Doyle. 1984-86.

Provided economic analysis regarding a claim that a manufacturer of Mexican coffee liqueurs exercised monopoly power to exclude or restrict competition in the market. Schwabe, Williamson, Wyatt, Moore & Roberts. 1985-86.

Provided economic analysis of the present discounted value of alleged damages sustained by Chrysler Corporation resulting from the action of two franchises. Seattle, Washington: Betts, Patterson, and Mines. 1986.

Assisted in labor arbitration with corrections officers. Multnomah County. 1985-86.

Provided economic analysis regarding an alleged restraint of trade for the sale and transportation of fly ash. Stoel, Rives, Boley, Fraser & Wyse. 1985-86.

Provided economic analysis regarding real estate markets and financial conditions in Ada County and the City of Boise. Boise, Idaho: Clemons, Cosho, and Humphrey. 1985.

Assessed the impact of the City of Ketchum's annexation of the Northwood Subdivision on the Ketchum Springs Water Supply Company's revenues, rate base, capital structure, customers, and stockholders. Private client. 1984-85.

Provided economic analysis regarding a claim that a video-game manufacturer violated antitrust laws with respect to the distributorship of video games. Seattle, Washington: Betts, Patterson, and Mines. 1985.

Analyzed the disparities between procedures for determining taxable value for residential properties and those for commercial and industrial properties. Montana Department of Revenue. 1983-84.

Provided economic analysis regarding a claim that the members of a medical clinic violated antitrust laws by using the peer-review process to restrict a competing surgeon's hospital privileges. Astoria, Oregon: Tonkon, Torp, Galen, Marmaduke & Booth. 1984.

Provided economic analysis and calculation of damages regarding a newspaper's alleged violation of antitrust laws with respect to the market for local printed advertising. Boise, Idaho: Risch, Goss, Insinger, and Sallady. 1984.

Provided a condemnation appraisal. Oregon Department of Justice. 1984.

Provided analysis regarding damages from the loss of a lease and additional travel costs when the defendant failed to vacate a space as promised. King County, Washington: Betts, Patterson, and Mines. 1984.

Provided business valuation for John McInnis and Rhodes Big O Tires, Inc. Mountain Home, Idaho: Hall & Friendly and McMurtrey & Company. 1984.

Provided business valuation representing Robert Hammons & Associates in U.S. District Court. Idaho: Stephen, Slavin, Kvanvig & Stephan. 1983.

OTHER EXPERT TESTIMONY

Testified before the California State Water Resources Control Board on the economics of legal injury to water-rights holders in the California WaterFix proceedings. Sacramento, California: California Water Impact Network. 2016.

Testified at an administrative hearing before the Board of Maritime Pilots describing the potential economic consequences of a grounding or other type of accident involving a cargo vessel in the Portland-harbor area. Salem, Oregon: Oregon Department of Justice. 2013.

Testified before the Louisiana House and Senate Committees on Natural Resources regarding the effects of legacy oilfield lawsuits on oil and gas drilling in Louisiana. Baton Rouge, Louisiana: Talbot, Carmouche & Marcello. 2012.

“Oregon’s Economy: Mixed Symptoms.” Presented oral testimony to the Oregon House Committee on Transportation and Economic Development.” February 2013.

Testified at a hearing and provided written testimony describing the economic consequences of increasing market concentration in the market for acute-care hospital services. Springfield, Oregon: Thorp Purdy Jewett Urness & Wilkinson. 2005.

Testified at a hearing before Polk County's (Oregon) Board of Commissioners regarding the economic benefits of protecting the quality of a community's groundwater resources. Hillsboro, Oregon: David Noren, Attorney at Law. 2004-2005.

Testified at a hearing before Oregon's Attorney General regarding the proposed merger of McKenzie-Willamette Hospital and Triad Corporation. Springfield, Oregon: Thorp Purdy Jewett Urness & Wilkinson. 2003.

Presented oral testimony (via telephone) to the Oregon Senate Economic and Job Stimulus Committee regarding an overview of Oregon's economy. 2001.

Prepared a declaration on the economic issues of critical habitat designation for endangered salmon. Seattle, Washington: Earthjustice Legal Defense Fund. 2001-2002.

Provided economic analysis and testimony regarding the economic impacts of a proposed sand-and-gravel mine on surrounding farms. Private client. 2000-2002.

Evaluated the economic impacts of bypassing four federal dams on the Lower Snake River, developed a plan to mitigate the negative consequences of the bypass, and testified on these topics in a joint hearing before the House Subcommittee on Fisheries Conservation, Wildlife and Oceans, and the Subcommittee on Water and Power. Portland, Oregon: Trout Unlimited and Earthjustice Legal Defense Fund. 1999.

Testified before the Washington Shorelines Hearing Board regarding how locating a large retail shopping center on industrial land would affect neighboring industrial uses. Seattle, Washington: David C. Hall. 1996.

Provided oral testimony at an antitrust immunity hearing regarding a petition seeking antitrust immunity for a proposal to integrate healthcare providers. Vancouver, Washington: Reed McClure. 1995.

Testified before the Portland City Council regarding the proposed location of a Costco retail store in the Industrial Sanctuary of Portland, Oregon. Portland, Oregon: Kell, Alterman. 1995.

Testified on the economic impacts of proposed reforms to the Mining Law of 1872 before U.S. Senate Subcommittee on Forests and Public Land Management, Committee on Energy and Natural Resources. Washington, D.C.: Mineral Policy Center. 1995.

Testified regarding the Southeast Alaska Jobs and Communities Protection Act of 1995 before the U.S. Senate Committee on Energy and Natural Resources. Washington, D.C.: Sierra Club Legal Defense Fund and Alaska Rainforest Campaign. 1995.

Testified on the impacts of reduced timber harvest in the Tongass National Forest on the economy of southeast. Anchorage, Alaska: Alaska Sierra Club Legal Defense Fund. 1994-1995.

Testified before the New Mexico Horizons Task Force on strategic thinking in Oregon and Utah. Santa Fe, New Mexico. 1994.

Testified before the U.S. House of Representatives Committee on Natural Resources on the changing needs of the West. Salt Lake City, Utah. 1994.

Testified on the northern spotted owl and the timber industry in the Pacific Northwest before the U.S. Senate Committee on Environment and Public Works, Subcommittee on Environmental Protection. Washington, D.C.: U.S. Senate Committee on Environment and Public Works. 1992. Provided analysis and testimony to the Oregon State Legislative Joint Committee on Forest Products and developed a strategic plan for allocating state resources to assist dislocated workers and timber-dependent communities. Salem, Oregon. 1990.

Provided analysis and testimony to the Oregon Legislature regarding a proposal to implement comprehensive effluent fees for air pollution. Salem, Oregon: Oregon Environmental Council. 1990.

Testified before the U.S. House of Representatives Subcommittee on Regulation and Small Business Opportunities regarding the viability of flexible manufacturing networks. Washington, DC: U.S. House of Representatives Committee on Small Business. 1988.

Testified before the Portland City Council regarding the proposed location of a Fred Meyer shopping center. Portland, Oregon: Sullivan, Josselson, Roberts, Johnson & Kloos. 1985-86.

Testified before the Idaho Public Utility Commission regarding appropriate methodologies for deregulating the electricity-generating industry and for determining the fair-market value of electricity produced by cogenerators and small power producers. Boise, Idaho: Lindsay, Hart, Neil & Weigler. 1985.

Determined the competitive wages necessary to attract and retain police and firefighters, and testified at arbitration hearings between the City of Portland and the Public Employees' Union. Portland, Oregon: City of Portland. 1984-85.

Provided regulatory policy analysis representing Hy-Tech Corporation in a rate hearing before the Idaho Public Utility Commission. Boise, Idaho: Runft, Leroy, Coffin & Mathews. 1984.

STATE, REGIONAL, AND NATIONAL PRESENTATIONS AND CONFERENCES

“Louisiana Oil and Oregon Logging: Law, Economics, and the Coastal Environment,” and “San Francisco Bay, the California WaterFix Project and Beyond: the Intersection of Law, Environment, and Economics.” 35th Annual Public Interest Environmental Law Conference (PIELC). Panelist with Vic Marcello. Eugene, Oregon. March 3-4, 2017.

“Winning the Economic Wars.” Annual Public Interest Environmental Law Conference (PIELC). Panelist with Glen Spain. Eugene, Oregon. March 6, 2015.

“Can Business and Wilderness Be Friends?” 2014 Desert Conference. Oregon Natural Desert Association. Panelist. Bend, Oregon. September 19, 2014.

“Law, Economics, and Our Coasts,” and “The Economic Wars: Our Planet in Peril.” The 32nd Annual Public Interest Environmental Law Conference (PIELC). Panelist. Eugene, Oregon. February 28, 2014.

“Law, Economics, and the Inescapable Consequences of Scarce Groundwater.” The 31st Annual Public Interest Environmental Law Conference. March 1, 2013. Panel participant with Vic Marcello.

The 31st Annual Public Interest Environmental Law Conference. February 28, 2013. Keynote speaker.

“Oregon’s Economy: Mixed Symptoms.” Presentation to the Oregon House Committee on Transportation and Economic Development. February 4, 2013.

- “Economic Growth, the Environment and Sustainability.” Remarks to the Oregon House Committee on Sustainability and Economic Development. January 2009.
- “Economics in Environmental Litigation.” Speaker at the California Hazardous Materials Investigators Association/California District Attorneys Association training conference. March 2008.
- “The Societal Costs and Benefits of Misallocating Water and Gasoline Additives.” Universities Council on Water Resources Conference. July 2004.
- “The Economic Importance of Ecosystem Services.” Universities Council on Water Resources Conference. July 2004.
- “The Economic Importance of Ecosystem Services.” AWRA Summer Specialty Conference. June 2004.
- “The Societal Costs and Benefits of MTBE as a Gasoline Additive in California.” Presenter, NGWA Conference on MTBE, Assessment, Remediation, and Public Policy. June 2003.
- “Paying Mother Nature.” Speaker, 2003 American Planning Association National Planning Conference. Denver, Colorado. April 2003.
- “The Economics of Dam Removal on the Lower Snake River.” Presenter, Economic Value of Environmental Resources Conference. Chico, California. April 2003.
- “Challenges to Economic Security.” Panelist, Pacific Northwest Regional Economic Conference. Portland, Oregon. May 2002.
- “Economic Valuation and the Watershed.” Speaker, Watershed Partnerships Seminar. U.S. Office of Personnel Management, Western Management Development Center. Denver, Colorado. September, June, and March 2001, November and July 2000, November and March 1999, and October and June 1998.
- “Economic Alternatives in the Willamette River Basin.” Keynote speaker, Willamette River Watershed Conference. Sponsored by: Oregon Chapters of the American Institute and American Water Resources Association. Vancouver, Washington. April 2001.
- “Economics, Salmon and the Pacific Northwest.” Coordinator and presenter, Salmon/Water Workshop. Participants: ECONorthwest, Earthjustice, American Rivers, The Center for Environmental Law & Policy, Trout Unlimited, and Columbia River Inter-Tribal Fish Commission. Portland, Oregon. March 2001.
- “Competition Matters: An Economist's Perspective of Collaborations and the National Forests.” Speaker, University of Montana School of Forestry, Plum Creek Lectures. January 2001.
- “The New West: Changing Demographics, Economics, and Perceptions.” Speaker, Washington State Trust Lands Conference. Seattle, Washington. November 2000.
- “Economic Benefits of Parks and Recreation.” Speaker, 2000 Oregon Recreation & Park Association Annual Conference. Welches, Oregon. October 2000.
- “Hidden and Ignored Economic Costs in Natural Resource Decision Making.” Speaker, NEPA/ESA Conference 2000. Austin, Texas. September 2000.
- “Regional Economic Impact Analysis.” Speaker/Facilitator, Workshop on Estimating the Economic Values and Impacts of Water-Resources Projects in the Mississippi River Basin. Memphis, Tennessee. September 2000.

“Application of Economic and Related Policy Information to Prioritize Riparian Restoration of the Willamette River, Oregon.” Speaker, AWRA International Conference on Riparian Ecology and Management in Multi-Land Use Watersheds. Portland, Oregon. August 2000.

“Both Sides of the River: Salmon Recovery in the Columbia Basin.” Panel participant, Searching for a Preferred Alternative. Eastern Washington University. Spokane, Washington. June 2000.

“The Challenge of Healthy Communities,” Keynote speaker, EPA Region 10 (Alaska, Washington, Oregon, Idaho) Office of Ecosystems and Communities. Seattle, Washington. May 2000

“Beyond 2000: Regional, Border, and Global Issues for the Pacific Northwest.” Panel participant, Protection of Salmon and Other Environmental Issues. Western Washington University: Pacific Northwest Regional Economic Conference. Bellingham, Washington. April 2000.

“The Economic Consequences of Watershed Management: Values, Impacts, and Equity.” Speaker, Second Annual Wetland Workshop. U.S. Bureau of Reclamation, Great Plains Region. Estes Park, Colorado. October 1999.

“Benefits and Mechanisms for Spreading Asset Ownership in the United States.” Invited participant, The Ford Foundation Conference. New York, New York. May 1999.

“Economic Changes in the Pacific Northwest.” Panel participant, Pacific Northwest Conference on Environmental and Resource Economics. Eugene, Oregon. May 1999.

“The Economic Consequences of Watershed Management: Values, Impacts, and Equity.” Sustaining the Missouri River for Future Generations. Pierre, South Dakota. March 1999.

“The Ecosystem-Economy Relationship: Insights from Six Forested LTER Sites.” Speaker, LTER Conference on Linking Natural and Socioeconomic Processes. Madison, Wisconsin. October 1998.

“Making Decisions When Everything Matters.” Speaker, National Wilderness Conference. Seattle, Washington. May 1998.

“Designing a Report Card on the Health of the Nation’s Ecosystems.” Panelist, The H. John Heinz III Center for Science, Economics and the Environment. Washington, D.C. February 1998.

“Making Decisions When Everything Matters.” Speaker, Oregon Chapter American Fisheries Society Annual Meeting. Population, Economics, and Ecosystems: Is Sustainability Attainable? Sunriver, Oregon. February 1998.

Participant, EPA/NSF Partnership for Environmental Research: Water and Watersheds STAR Grants Program Review Meeting. Corvallis, Oregon. January 1998.

“The Effects of Measure 47.” Speaker, Oregon Speech-Language and Hearing Association’s Fall Conference. Bend, Oregon. October 1997.

“How Can Researchers and the EPA Work Together to Improve Benefit/Cost Analysis?” Speaker, EPA Deputy Administrator’s Environmental Economics Forum. Cambridge, Massachusetts. September 1997.

“The Economic Effects of Ecosystem Management.” Paper presented at the Western Economic Association International Conference. Seattle, Washington. July 1997.

“Tracing the Economic Roots of Wetlands Restoration.” Presenter, Pacific Northwest Chapter of Wetland Scientists and Society for Ecological Restoration. Corvallis, Oregon. May 1997.

“The Pacific Northwest Economy: Transitions from Brown to Green.” Panel moderator, Pacific Northwest Regional Economic Conference. Spokane, Washington. April 1997.

Speaker, Oregon Department of Environmental Quality's Orphan Site Task Force. Portland, Oregon. January 1996.

“The Evolution of the Pacific Northwest’s Regional Economy.” Speaker, Carroll College. Helena, Montana. January 1996.

“Making Decisions When Everything Matters.” Speaker, Washington Department of Ecology Director's Choice Forum. Seattle, Washington. September 1995.
